Transform your public service career through your personalised Skills Passport

The Public Sector Academy is the skills development, collaboration and Learning Community-of-Practice exclusively for public sector employees.

Take control of your own development needs based on the competency requirements of your current job and your future career aspirations.

In applying our advanced data analytics and machine learning capabilities, we support your skills development needs through tools, knowledge and training that is *targeted, personalised and practice-based*.

- ✓ Your personal Skills Passport to aid you in planning your development needs
- ✓ Access the latest public sector academic research
- ✓ Identify education and training from leading academic institutions - personalised and targeted to your individual skill needs

- ✓ Find leading academics and thought-leaders from our partner academic institutions
- ✓ Share problems with peers to identify existing solutions and pose challenges to the research community
- ✓ Share I.P. and solutions across Agencies and jurisdictions

*Your free Skills Passport...
from job to job ... between Agencies .. between jurisdictions*
